

FIXING TO FIGHT.

A dispatch from Vienna states that Russia is making extensive military preparations along the Austrian frontier. The tenders asked for 30,000 military beds. All the railroads are ordered to have military cars in readiness. A list has been made of private steamers in the Black Sea, and their captains ordered to prepare for the transportation of ammunition, troops and provisions. These vessels have ceased executing orders, and the carriage of corn is thus interrupted. Immense provision depots have been established along the frontier, and the army corps has been distributed between Vistula and Big Rivers. A list has been made of all persons who, in the event of war, will be reported from Poland to the interior of Prussia.

THE LOTTERY MAIL.

The postmaster at New Orleans has notified the post office authorities that he has been ordered by the State Courts to deliver mail matter addressed to the New Orleans National bank intended for the Lottery Company and has asked for instructions as to what he shall do. He has been directed to obey the order until it should be reversed or modified and to consult with the U. S. District Attorney at New Orleans, the latter official being directed to take the necessary steps for removing the case from the State Courts to the Federal Court and to move at once for a dissolution of the injunction.

EDITORIAL NOTES.

A letter from Henry M. Stanley, the African explorer, was read today before the British Association for the Advancement of Science, in which he urges Great Britain to seek to promote a protectorate over the Congo country.

A St. Paul Globe reporter tried to interview Villard as to the break in N. P. stocks, but the latter refused to say anything.

All the powers have accepted a proposal of Italy to summon a conference at Rome to arrange an international sanitary code.

At the Hague, at the Colonial Exhibition, the United States exhibited obtained 55 out of 2,553 awards.

The Fall Mail Gazette says that Gladstone's visit to Copenhagen has no political significance.

The report that either Mackay or Sharon will turn Democrats, and buy the Senatorship, is ridiculous.

TELEGRAPHIC BRIEFS.

A rise and fall of tide was caused by an earthquake at Java. The people are much alarmed.

Laclede rolling mills, at St. Louis which suspended several months ago, will be started up again during the present week.

In Pittsburgh an explosion of fireworks last night resulted in the death of one boy, and the cremation of three valuable race horses.

Emperor William has appointed King Alfonso to command the Schleswig-Holstein Ahlan regiment garrisoned at Strasburg.

The rocket factory at Woolwich, England, exploded today; many buildings were destroyed and the loss of life was serious.

A child 11 months old, daughter of Sheron Goodwin of Castleton, was shot dead in bed with its mother. The mother claims that an hour before a shot was fired at her.

Five Mexicans had a fight with four rustlers who were running off horses near Clinton, N. M. Two of the rustlers were killed after two hours fighting. Subsequently the rustlers returned with reinforcements and at last accounts had the Mexicans surrounded in a house.

James H. Mason, of Troy, New York, was struck on the head, from behind, and his watch, chain, money and coat vest. Edward Wilson was struck with the shoe on. Mason was struck on South Street, and carried a quarter of a mile, and robbed.

EASTERN DISPATCHES.

(PRESS DISPATCHES TO THE GAZETTE.)

Ready to Play or Pay.

CHICAGO, September 24.

In a recent interview, Jacob J. Schaeffer said if Slosson would put up a forfeit of a thousand dollars, and make a game for five thousand, he would forfeit his game with Vignaux, in Paris, and play Slosson for the championship emblem. In response to this, David Beers to-day deposited \$1,000, and accepted on behalf of Slosson. Schaeffer cabled Vignaux, and said if he could have the game postponed, he would play Slosson. The forfeit, \$1,000, in Slosson's behalf will remain up three days, pending Vignaux's answer. Mr. Sexton, the cushion carom champion, this morning published an offer to give Slosson an opportunity to play for his (Sexton's) emblem and \$500 aside. In reply to this, Tom Foley deposited \$25. The game will be played at Chicago inside of thirty days.

The Dakota Capital Muddle.

YANKTON, September 23.

An executive order dated the 11th instant, from Governor Ordway, was served on the Territorial Secretary, Auditor, Treasurer, and Superintendent of Instruction, instructing them to move their offices and records to Bismarck. The service of the order was delayed by the messenger, who arrived here on the 15th, because of Edgerton's decision. After receiving further instructions the order was served in spite of the judgment of the Court. It is accompanied by a long opinion by the Attorney-General of the Territory. It is probable that none of the officers except the Auditor, who is a son of the Governor, will obey. Judge Edgerton is absent, and an injunction process cannot be resorted to; a mandamus will come later.

Cheap Railroad Fare.

CHICAGO, September 22.

The Louisville, New Albany and Chicago Railroad inaugurated a cut to Indianapolis, Cincinnati, and other points, in competition with the Pan Handle this morning. Thus far the cut has not been met by the Pan Handle; and the Eastern Illinois and Kanawha lines have not come into the fight, but have concluded they cannot stay out, if the fight lasts. During the forenoon the scalpers were selling tickets to Indianapolis and Louisville from 35 to 50 cents, and a rate of 50 cents by this route is anticipated before night.

Run His Race.

MARSHALL, Tex., September 24.

Late last night the dead body of Silas Johnson, colored, pierced with three balls, was found on the road side, half a mile from town, with a rope around his neck. His wife testified that 100 persons came to the door and asked for Johnson, and upon his going out the party carried him off. Johnson was known to be connected with race troubles recently.

A Comet Coming.

PHILADELPHIA, September 24.

The new Brooks comet is now demonstrated to be the long expected comet of 1882. It has been carefully observed by Professor Brooks whose observations show a remarkable increase in brilliancy since the discovery. It is now visible in a good telescope near Eta Draconis. It is rapidly approaching the earth and the sun, and will be visible to the naked eye before Christmas.

Hold Your Breath.

NEWPORT, September 24.

Arthur attended service at the United Congregational Church and lunched with August Belmont. A large number of distinguished people were present. Later in the afternoon he was taken for a drive, and in the evening dined with Mr. and Mrs. H. M. Beckwith. Monday evening he will dine with George Parsons. He did not attend Robling's reception.

Who are They Anyhow?

MILWAUKEE, Wis., September 24.

The National Liberal League held a business meeting all day, and finally adopted a political platform of a very pronounced tone. A statute of Paine was read to pay the expenses of the session.

Republicans Gain.

COLUMBUS, Ohio, September 24.

The Auditor's statement just completed, shows collections under the Scott law to be nearly \$2,000,000.

WESTERN DISPATCHES.

(PRESS DISPATCHES TO THE GAZETTE.)

A dispatch from St. Louis, Mo.,

Lieutenant Governor Chellis (Dead

SAN FRANCISCO, September 24.

A private dispatch received last

night, announces the death at Myrtle

Creek, Oregon, of ex-Lieutenant Gov-

ernor Chellis. The deceased was

one of the men who came to the front

in the Republican party in 1861, and

helped retake California in the Union.

He was elected Lieutenant Governor

in that year, on the same ticket with

Leland Stanford. At the close of his

term he went to Nevada, where he

amassed a large fortune, but lost it

in unfortunate speculations. He is said to have died in destitute circumstances.

A Drunken Brute.

DUBLIN, September 24.

Denis O'Neil, a wood turner, in the employ of the West Coast Furniture Company, in a drunken fit, threw a lighted coal-oil lamp at his wife last night. The lamp exploded, and the oil being scattered on her clothing, set it on fire, burning her face and hands in a frightful manner. The top of her head was badly cut by the broken lamp. The man was arrested and his wife carried to the hospital, where it was found that her injuries were very serious, and may prove fatal.

The Harmonious Democracy.

SIDNEY HALL, an Assemblyman and

wharfinger at the Vallejo street wharf,

in this city, fired three bullets into

James O'Neil, a member of the Demo-

cratic County Committee, last night.

The shooting was the result of an old

political quarrel, aggravated by a se-

vere scoring O'Neil gave Hall in the

Howard club-rooms yesterday morn-

ing. About half past 7 in the evening

Hall encountered O'Neil on Third

street, and with the words, "I've got

you now," opened fire. The officers

rushed to the rescue and disarmed

Hall. O'Neil's friends were quickly

on the spot, and but for the arrival

of more policemen, Hall would have

been strung up to the first lamp-post,

so great was the excitement and feeling

against him. The wounded man is

resting easily. Hall was released on

\$2,000 bail.

Commissioner Foote in Prison.

RAILROAD COMMISSIONER FOOTE HAS

a five column letter in the Examiner

this morning, in reply to an open let-

ter addressed to him by S. M. White

of Los Angeles, calling upon Foote to

give publication to the actions of the

Board of Railroad Commissioners, as a

duty he owed to the people of the

State. Mr. Foote's letter is a review

of the work done, stating that in his

opinion, the reduction made on fares

is so slight as to be immaterial, and

that on freights, the reductions made

were equivalent to none at all.

An Army Officer Playing Emperor.

A Chronicle special from London

says that the Emperor of Russia's

famous ride through the streets of

Moscow on the occasion of his coronation,

was a sham, that he was imper-

sonated by an officer of the Imperial

Guard, made up to resemble him. The

fears for his safety by the secret police

were too much for him, and he con-

sented to the deception. The secret

is said to have been discovered by offi-

cials attached to the British special em-

bassy who have not wholly main-

tained the silence enjoined upon them.

Jewish Orphan Asylum.

The report of the Jewish Orphan

Asylum, and Home Society, read at

the annual meeting yesterday, shows

the society to be in a flourishing con-

dition.

FOREIGN DISPATCHES.

(PRESS DISPATCHES TO THE GAZETTE.)

A Terrific Explosion.

LONDON, September 24.

The explosion at Woolwich was

caused by a fire in the main building,

which included the laboratory build-

ings which were destroyed within a

half an hour after the fire broke out.

It contained an immense number of

war rockets which were filled with de-

structive missiles. The latter flew in

all directions, many being projected

on the other side of the Thames. The

explosives caused a fearful destruction

of property throughout the town, and

in the surrounding district. The fire

was extinguished at noon, when the

rockets ceased their explosion. Old

soldiers declare the explosion of the

rockets during the fire was as fright-

ful as if occurring in a siege. Two

bodies of the victims of the explosion

have been found. Some of the war

rockets were projected a distance of

five miles; one went through the wall

of the arsenal, and another struck the

artillery barracks.

A Battle Fought.

PORT AU PRINCE, September 24.

Advice from the south report a ter-

rible battle fought last week before

ty, has been received. The Times dispatch states that it is not likely the French will reply favorably to this counter proposition. Everything, however, points to the ultimate favorable solution of the question at issue, and there will be friendly intervention solicited by both nations.

Orderly Meetings.

DUBLIN, September 24.

The meetings of the Irish National

League, which were permitted to be

held at Bandon, near Cork, and at

Tallow, county Waterford, yesterday,

passed off orderly. A Government

reporter was present at each meeting.

A Fatal Disease.

GUAYMAS, Mex., September 23.

M. P. Adams, Cashier of the Sonora

Railroad Company, has died of fever.

This makes fifteen belonging to that

company who have died from the

same disease.

Judge Hoadley, Democrat, can-

didate for Governor of Ohio, has fairly

recovered from his malarial attack.

Hoadley will return to Ohio about

Wednesday, and reenter the canvass

with his accustomed vigor.

ROYAL

BAKING

POWDER

Absolutely Pure.

This Powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER COMPANY, 44 & 46 Wall Street, New York.

To Dyspeptics.

The most common signs of Dyspepsia, or Indigestion, are an oppression at the stomach, nausea, flatulency, water-brash, heart-burn, vomiting, loss of appetite, and constipation. Dyspeptic patients suffer untold miseries, bodily and mental. They should stimulate the digestion, and secure regular daily action of the bowels, by the use of moderate doses of

Ayer's Pills.

After the bowels are regulated, one of these Pills, taken each day after dinner, is usually all that is required to complete the cure. AYER'S PILLS are sugar-coated and purely vegetable—a pleasant, entirely safe, and reliable medicine for the cure of all disorders of the stomach and bowels. They are the best of all purgatives for family use.

MISCELLANEOUS.

A MARVELOUS STORY

TOLD IN TWO LETTERS.

FROM THE SON: "32 Cedar St., New York, Oct. 29, 1882.

"Gentlemen: My father resides at Glover, Vt. He has been a great sufferer from Scrofula, and the enclosed letter will tell you what a marvelous effect

Ayer's Sarsaparilla

has had in his case. I think his blood must have contained the humor for at least ten years; but it did not show, except in the form of a scrofulous sore on the wrist, until about five years ago. From a few spots which appeared at that time, it gradually spread so as to cover his entire body. I assure you he was terribly afflicted, and an object of pity, when he began using your medicine. Now, there are few men of his age who enjoy as good health as he has. I could easily name fifty persons who would testify to the facts in his case.

Yours truly, W. M. PHILLIPS."

FROM THE FATHER: "It is both a duty for me to state to you the benefit I have derived from the use of

Ayer's Sarsaparilla.

Six months ago I was completely covered with a terrible humor and scrofulous sores. The humor caused an incessant and intolerable itching and the skin cracked so as to cause the blood to flow in many places whenever moved. My sufferings were great, and my life a burden. I commenced the use of the Sarsaparilla in April last, and have used it regularly since that time. My condition began to improve at once. The sores have all healed, and I feel perfectly well in every respect—being now able to do a good day's work, although 73 years of age. Many inquire what has wrought such a cure in my case, and I tell them, as I have here tried to tell you, AYER'S SARSAPARILLA. Glover, Vt., Oct. 31, 1882.

Yours gratefully, HIRAM PHILLIPS."

AYER'S SARSAPARILLA cures Scrofula and all Scrofulous Complaints, Erysipelas, Eczema, Ringworm, Blotches, Sores, Boils, Tumors, and Eruptions of the Skin. It clears the blood of all impurities, aids digestion, stimulates the action of the bowels, and thus restores vitality and strengthens the whole system.

When Ladies are Attractive.

All ladies know their faces are more attractive when free from pimples. Parker's Ginger Tonic is popular among them, because it banishes impurities from blood and skin, and makes the face glow and sparkle with health.

GENERAL NOTES.

Visitors to Abraham Lincoln's grave keep it constantly decked with flowers.

The area of Dakota Territory is 85,000,000 acres, or just four times that of the State of Ohio. Her population is a quarter of a million, and constantly increasing.

The Board of Equalization of California has increased the assessable value of the railroad property of that State for the present year \$5,500,000.

During the last four years the province of Ontario has lost one hundred thousand of its population by emigration. The United States has absorbed seventy thousand of this number.

Nearly two hundred persons have been saved from drowning by Chas. Shannon, a watchman on a Philadelphia dock, during his present employment. He has saved as many as eighteen in one day.

During the first four days of its existence the new patrol post in London, delivered 30,000 parcels and collected 70,000 in the metropolis alone, the number increasing every day. The average weight of the packages was three pounds.

An Athens (Ala.) woman, with her four-year-old daughter and babe, sought shelter from a storm under a tree. Lightning killed the two former, while the baby was found quietly clinging to the arms of its mother.

Little Switzerland is disturbed about the large increase in its foreign population. Between 1870 and 1880 nearly 60,000 natives of other countries settled within Swiss territory; about the same number of natives of Switzerland emigrated to other countries.

According to the Lyon County Times the C. & C. Railroad Company is economizing. Every other section boss on the line of the road has been laid off, and those retained now have eighteen miles of track to look after and keep in repair.

The Philadelphia Ledger says that Whitlaw Reid's nomination for the United States Senate is the gossip of the New York clubs, and is regarded as one of the fruits of the Stalwart and Half-breed reconciliation. It is not known if Reid covets the nomination.

The Washington Critic says another bond call may be made before the fifteen million call, just issued, matures, which will be December first next. The nearest estimate that can be made, fixes the further amount of bonds to be redeemed during the fiscal year forty-five millions. This would make the total debt retired during that period about fifty millions.

It is understood that the stockholders of the Stockton National Bank have been for some time considering the matter of surrendering their United States charter and conducting their business in the future as a private bank. Their reasons for doing so are the high premiums on Government bonds used as a basis for circulation, the low rate of interest that such bonds now bear, the taxing by the General Government, of circulation and a clause in the United States banking law prohibiting National Banks from lending money on mortgages. Besides these there are many other features in the workings of the law that render it inconvenient and not adapted to a miscellaneous business in a farming community where the most part of the business is long loans on real estate security.

The Eureka Leader states that some of the gentlemen connected with the Eureka and Colorado River Railroad are endeavoring to make arrangements, in which they feel confident of success, to secure the necessary rolling stock and the rails sufficient to complete twenty miles of the road before the winter sets in, the said twenty miles to extend from Eureka southeast. As is well known, all the heavy grading of this road for that distance has already been completed and but little remains to be done, except to place a few bridges on the line, the ties having already been gotten out and paid for, and most of them having been delivered over a year ago along the line of the track. It is to be hoped this movement will succeed, as the building of the road will greatly help the mining business of Eureka. It is well known that a large quantity of the coal and wood used in this camp is brought from the country that surrounds the line of the proposed road, and if the road is built the trouble that is frequently met with in the winter season, by the wagon roads being impassable by reason of the heavy falls of snow and its attendant circumstances, will be effectually removed, thereby enabling the mining men to obtain a reliable supply of both coal and wood at all seasons of the year.

September returns to the Department of Agriculture indicate a lower condition of corn than in August in every section of the country and in nearly every State. The only grains in the West are in Missouri, Kansas and Nebraska, where slight improvement is indicated. Minnesota stands as in August; Arkansas makes a gain of one point, and Georgia and Alabama remain as in August, but all the other cotton States show a heavy decline. The ag-

BUTTER COOLING JAR.

BURDOCK'S PATENT REFRIGERATOR

FOR

Keeping Butter Without Ice.

B. N. BUGBEY,

329 J STREET, SACRAMENTO,

SOLE PROPRIETOR

OF THE UNITED STATES.

IT PRESERVES YOUR BUTTER COLD, sweet and fresh, as no other refrigerator can do. This is guaranteed. It is a refrigerator established by all connoisseurs of butter, that any vessel, cabinet or refrigerator, made of wood or any other substance carrying with it an odor, destroys the rich aroma contained in fresh butter; and furthermore all butter kept in the same vessel, cabinet or refrigerator with vegetables, any kind of meat, or any substance carrying a scent, becomes so tainted as to be unfit for table use, and even for culinary purposes. People may complain of poor butter, but the fault lies in the manner of keeping it.

AGENTS WANTED.

GATELEY'S UNIVERSAL EDUCATOR.

Containing 1160 Pages and 470 Illustrations.

It has received the unqualified approval of the press of the country as a general educational work of exceptional merit.

There is no book like it in the market to-day, and therefore has no competitors for public favor. It is without doubt, the most thoroughly satisfactory book for agents and customers that has been issued for years.

The requisites for a good agent are ability to read, honesty, common sense and energy; highest rates of commission and exclusive territory; circulars and terms on application.

WELLS DRURY WRITES THE ENTERPRISE

from Carson that on Friday there was an interesting trial of skill, as well of endurance, between Nick Williams, of California, and George C. Thaxter.

Williams came up to shoot in the inter-State match, but in the practice after reaching Carson fell down so badly at the 500 range, that he was dropped out by the Captain of his team. He is, nevertheless, considered one of the best 200 yard shots on the Coast, and in the contest Friday proved a worthy contestant for our wiry sagebrush sharpshooter.

The conditions of the match were that each man should fire 100 shots at the 200 yard range, Creedmoor rules. This was something new for Thaxter, as he had never before had such an experience, whereas Williams
